

A few placement tips to follow...

to ensure the collection of your garbage, recyclables or yard waste

Flood Brothers

DISPOSAL/RECYCLING SERVICES

1 There should be 3 feet between carts, yard waste bags and structures such as mail boxes, cars and lamp posts

2 Cart should be within 18 inches of the curb

3 Face the short metal bar toward the street

4 Position the cart on as level a surface possible, away from overhanging tree branches

5 Make sure lid is closed

Place your bin carefully & leave space on all sides!

Why does it matter?

Most collection trucks are automated with an electronic arm that grabs and empties the bin. This efficient process streamlines collection and prevents work-related injuries.
