## **EXHIBIT A**

This Exhibit includes the amendment submitted by THOMAS ENGINEERING GROUP, LLC, titled “CONTRACT CHANGE ORDER #1, PROFESSIONAL ENGINEERING SERVICES FOR FY23 ROAD PROJECT”, as prepared by Kevin C. VanDeWoestyne, P.E., ENV SP, Municipal Department Head, dated September 7, 2022, consisting of 4 pages with fee schedule).

Mr. Alan Lange, Director of Public Works  
City of Wood Dale

Re: **Contract Change Order #1**  
**Professional Engineering Services for FY 2023 Capital Road Program**

Dear Mr. Lange:

Thomas Engineering Group, LLC (TEG) is providing professional engineering services related to Phase I Preliminary Engineering, Phase II Design Engineering, and Phase III Construction Oversight services for the City's programmed roadway projects during Fiscal Years 2023, 2024, and 2025. Based on developments in the work, TEG respectfully requests the City's consideration to extend the professional engineering services contract for additional Phase III Construction Oversight services.

According to the original contract, the FY 2023 Street Resurfacing Program consists of improving approximately 37,500 linear feet of roadway at 35 locations in 2022. The City added approximately 1,610 linear feet of water main installation to the project along Maple Avenue, between Irving Park Road and Stoneham Street. TEG completed the water main design and prepared the IEPA permit application under the Allowance for Authorized Services, thereby leaving no balance for Phase III Construction Oversight services of the water main installation. According to R.W. Dunteman's proposed progress schedule, 25 working days are planned for water main construction activities between March 10 and April 13, 2023 (5 weeks).

In addition, the professional services were anticipated to begin in February to accommodate final design, advertisement, bidding, and construction completion in one construction season, by December 31, 2022. Due to delays, including the International Union of Operating Engineers Local 150 strike between June and July, the original contract assigned an interim and final completion date, November 30, 2022 and May 31, 2023, respectively. R.W. Dunteman's proposed progress schedule indicates a completion date of June 30, 2023 and one month time extension, from May 31, 2023 to June 30, 2023 (4 weeks).

Based on these reasons, TEG hereby requests 9 weeks of supplemental Phase III Construction Oversight services to oversee the water main installation (5 weeks) and construction activities during the one month extension (4 weeks). The additional time is based on providing a Project Manager for 4 hours per week and Resident Engineer for 40 hours per week. Please refer to the attached fee schedule.

Contract Change Order #1  
Professional Engineering Services for FY 2023 Capital Road Program

The amount of the original engineering contract is \$210,000.00 for FY 2023. The total amount requested for additional work described above is \$50,000.00. No prior amendments have been issued by the City.

ORIGINAL CONTRACT:	\$210,000.00
CHANGE ORDER #1:	\$ 50,000.00
AMENDED CONTRACT:	\$260,000.00

TEG respectfully requests the City of Wood Dale's consideration of Contract Change Order #1. It has been a pleasure working on this important project with City staff. Please let us know if you would like additional information.

If you have any questions or require additional information, please call me at (847) 815-9500 or by e-mail at [kevinv@thomas-engineering.com](mailto:kevinv@thomas-engineering.com).

Sincerely,
