Mr. Alan Lange
Director of Public Works
City of Wood Dale
404 N. Wood Dale Road
Wood Dale IL 60191

Subject: **Proposal for Fiscal Year 2023-24 Professional Engineering Services – Sanitary Sewer Rehabilitation**

Dear Mr. Lange:

RJN Group, Inc. (RJN) is pleased to submit this proposal to provide Professional Engineering and Construction Services to assist the City of Wood Dale (City) with their sanitary sewer rehabilitation program and removal of Inflow/Infiltration (I/I).

Except for the sewer televising, the SSES has been completed in the residential area just north of Irving Park Road. Significant defects have been found during the SSES and the City is now entering its fourth year of a multi-year rehabilitation phase.

The services to be provided under this Contract are as follows:

- Resident Engineering (RE) and Construction Management Services
- 2024 Sanitary Sewer Design and Bidding Services
- South Wastewater Treatment Plant (WWTP) Lift Station and Force Main Preliminary Study
- On-Call Sewer Collection System Services
 - Sewer Cleaning and Televising RE Services
 - CCTV Review
- Program Management

RE and Construction Management Services

The design of the 2023 Sanitary Sewer Rehabilitation Construction was completed under the Fiscal Year 2022-23 Contract.

The attached map in Exhibit D on Page 10 showcases the rehabilitation just east of the 2022 Construction area off Ash Avenue. The 2023 Construction includes a total of about 4,000 Linear Feet (LF) of sewers with approximately 4,000 LF of sewer to receive cured-in-place pipelining (CIPP), (8) point repairs, service lateral and mainline grouting as well as 45 CIPP lateral liner installations.

The total construction price is estimated at \$752,388.00.

2024 Sanitary Sewer Design and Bidding Services

Per the City's Capital Investment Program, the total construction budget for 2023 is \$800,000. The 2024 Rehabilitation Design will be tailored to match this amount.

The rehabilitation area will target the backyard sewers north of Stoneham Street and west of Cedar Avenue and is highlighted in the map in Exhibit D on Page 10. This area was televised by Sewertech LLC as part of the 2021-2022 Sewer Cleaning and Televising Program. Once the rehabilitation area has been determined and confirmed by the City, RJN will perform a detailed CCTV review to confirm the rehabilitation recommendations. RJN will coordinate point repair constructability reviews once point repair locations are confirmed.

South WWTP Lift Station and Force Main Preliminary Study

The City is exploring options to divert wastewater flow from its South WWTP to its North WWTP as seen in the map in Exhibit D on Page 11. The primary goal of this preliminary study is to identify viable options to divert the flow between the two WWTPs via a new lift station and force main. This study will explore different potential force main routes by evaluating the existing utilities, adjacent parkways, and any constraints placed on the construction by local agencies. Final design is scheduled for Summer 2023.

On-Call Sewer Collection System Services

On-call services provides the City with flexibility throughout the year to address sewer maintenance and inspection items as they come up. RJN will provide on-call assistance including planning, assessments, reviews, presentations, inspections, cleaning and televising management, and general sewer consulting services as they are needed.

Program Management & Clarity™

Overall management will also be provided. Hours for project management will be allocated in each task described hereinabove. RJN will provide access to its online data hosting platform **Clarity™**, that includes status of data collection, access to data collected, field collected media for flow monitoring and construction activities.

Assuring Quality and Safety

RJN is committed to providing **quality** deliverables. The completion of these inspections is critical in providing actionable results for the City. As collection system specialists, we have built data review processes that ensure that all data is accurate. Our engineers and field inspection crews are trained and certified in NASSCO PACP and MACP inspection and review to ensure the highest quality data. RJN's internal Quality Control tools as well as our corporate training and Quality Assurance processes in place will ensure that program will provide value for the City.

As an employee-owned firm, RJN's commitment to the **safety** of our employees, City staff, and the public is paramount. RJN demonstrates that commitment to safety in our internally developed and audited safety program where our goal is to have all field staff, engineers, and project managers "RJN Safety Certified." Every project follows an RJN Health and Safety Plan (HASP) when completing any field work.

Price and Schedule Summary

This project will be invoiced on a Time and Material basis for a total not-to-exceed fee of **\$158,030** as described in the table below:

Task Description	FY23-24 Costs
Rehabilitation Construction Services	\$ 77,460
Rehabilitation Design Services	\$ 41,040
South WWTP LS and FM Preliminary Study	\$ 18,520
On-Call Services	\$ 10,000
Project Management Services	\$ 11,010
TOTAL	\$ 158,030

The project is expected to be completed by April 30, 2024 based on a Notice to Proceed by May 1, 2023. Complete Scope of Services, Pricing, Schedules, and Maps are provided in the following exhibits:

SCOPE OF SERVICES

RJN is proposing the following scope of services to conduct the Fiscal Year 2023-24 Professional Engineering Services – Sanitary Sewer Rehabilitation for the City of Wood Dale.

A. 2023 Sewer Rehabilitation RE and Construction Management Services:

1. Pre-Construction Assistance:
 - a. Prepare Contract Documents for execution by City and Contractor. Review Contractor's insurance documents.
 - b. Coordinate and attend in-person or video conference preconstruction meeting. Prepare and distribute meeting minutes.
 - c. Review Contractor's shop drawings, insurance documents, liner thickness calculations, bypass pumping plans, traffic control plans, erosion control plans, pre-construction surface videos and construction phasing.
2. The assigned resident engineer will thoroughly review the contract documents and project plans prior to construction activities.
3. Ensure that the Contractor provides notification to the residents and/or businesses of impacts to sewer and water service, need for backyard access. Assist the City with contacting property owners impacted by the construction.
4. Provide a combination of full and part-time construction observation for the duration of the project. RJN proposes to be on-site full-time during point repairs. Part-time observation will be provided for all other work with a minimum of 4 hours charged when on site. This proposal is based on providing 360 hours of construction observation services.
5. Provide documentation of the construction activities when on-site, including maintaining a daily project journal and taking digital photographs of all phases of the project, taking measurements for all quantities installed. RJN will provide access of daily reports to the Village for review via Clarity®, the RJN online platform.
6. Provide regular inspection of erosion control and periodic inspection of traffic control measures to ensure roadways remain open and driveways/sidewalks are not blocked for extended periods.
7. Alert the Contractor if equipment or materials are being installed prior to shop drawing approval or if the wrong materials are being used. Provide field checks of materials and equipment, including enforcement of material testing.
8. Provide final walk through, preparation of punch list, and final inspection.
9. Review Contractor's pre and post videos of the sewer rehabilitation. Notify the City when post-construction videos are acceptable, and these bid items are ready for payment.
10. Prepare a set of final construction drawings in ArcGIS and pdf formats. RJN will prepare and provide record drawings from the contractor's as-built plans. RJN will also provide a GIS layer update of the rehabbed sewer work at each location.

11. Provide contract management, including review of Contractor's payment requests, preparation of change orders, and coordination of contract closeout.
12. Provide general project management throughout the duration of the project.

B. 2024 Sewer Rehabilitation Design:

1. Prepare for and attend a kick-off design meeting or video conference.
2. Review CCTV footage in designated 2024 rehabilitation area.
3. We will design up to ten (10) point repairs. For point repairs, identify traffic control and surface rehabilitation needs during construction. Request design-stage J.U.L.I.E. locates and identify potential utility conflicts.
4. Prepare detailed schedules and design details for recommended Cleaning & Televising, CIPP rehabilitation, mainline and lateral grouting, point repairs, sewer replacement and lateral lining.
 - a. General lining, cleaning and televising, mainline and lateral grouting, and lateral lining exhibits.
 - b. Point repair and sewer replacement design sheets (GIS Exhibits)
 - c. Rehabilitation schedules
 - d. Project and City specific details
5. Prepare Contract Front End Documents and detailed Specifications:
 - a. Utilize City Front End Contract Documents with only project specific modifications.
 - b. Prepare detailed project Specifications.
6. Prepare Summary of Quantities and an Opinion of Probable Construction Cost.
7. Provide progress review submittal at 90% of Plans, Specifications and Opinion of Probable Construction cost for City review and comment prior to bidding.
8. Perform a quality control/quality assurance review on final plans and specifications.
9. Prepare bid package with plans, front-end documents, and specifications. Submit a pdf of the final bid package to the city with full size set of the final plans.
10. Have senior design P.E. provide an overall review and engineering stamp for the bid package. Submit a PDF of the final bid package to the City.
11. Bidding Assistance:
 - a. Post to on-line bidding service (if bidding not handled by City)
 - b. Send advertisement to expected bidders
 - c. Prepare Addenda
 - d. Respond to Contractors' questions
 - e. Prepare bid tabulation and letter of recommendation
12. Provide project management for the duration of the design project and attend up to two in-person meetings or video conferences with City staff.

C. South WWTP Lift Station and Force Main Preliminary Study:

1. Preparatory Work & Site Visit

- a. Data Collection and Review
- b. Obtain necessary JULIE locates.
- c. CCTV Review of ~4,200 LF of Existing Harvey Ave 18" VCP
- d. Site Walkthrough and Field Data Collection
 - i. Manhole Inspections
 - ii. GPS points
- e. Create Profile of Existing Harvey Ave 18" VCP Sanitary Sewer
2. Evaluation of Route Options for the new FM
 - a. Up to three (3) force main routes
 - i. Including re-using the existing Harvey Ave 18" VCP sanitary sewer
 - b. Provide list of all permit and other approvals anticipated to be required.
3. Short Letter Report
 - a. Recommended preliminary Alignment Options
 - i. GIS Exhibits
 - ii. Opinions of Probable Construction Cost

D. On-Call Sewer Services

1. Provide general sewer consulting services and attend meetings with the City on an as-needed basis.
2. Sewer Televising Review – Provide review of sewer televising data and videos. Provide rehabilitation recommendations for sewer segments that are reviewed.
3. On-site investigations of problems, including sewer backups, sinkholes, overflows, and collapses. Follow up from any previous year's construction projects including punch-list work.
4. Conducting sewer field inspections including flow monitoring, wet weather investigations, dyed water flooding, dye tracing, smoke testing, etc.
5. Lift station and force main assessments, as needed.

E. Project Management

1. Provide project management services including invoicing, scope, schedule, and fee tracking, and closeout services.
2. Provide monthly updates to City staff throughout the duration of the project.

Items Requested from the City

1. Updated GIS geodatabases, shape files, or CAD atlases for the sanitary sewer collection system. Any design and/or record drawings, maintenance and repair records, past inspection data, and any other related data.
2. City Front End Contract and Proposal Documents in MS Word format.
3. City to provide review and comment on prepared bidding documents including any project specific modifications for this project.

4. Coordination with RJN in answering bid-related questions in formal addenda.
5. Assist RJN to access backyards.
6. Mailing of City notifications to residents (if necessary).
7. Assistance with traffic control in high traffic areas, as necessary.

**PROFESSIONAL SERVICES AGREEMENT FOR
FY 2023-24 PROFESSIONAL ENGINEERING SERVICES FOR SANITARY
SEWER REHABILITATION**

THIS AGREEMENT is entered into between the City of Wood Dale, a municipal corporation, hereinafter referred to as "the City", and RJN Group, hereinafter referred to as "the Consultant", in consideration of the mutual benefits, terms, and conditions hereinafter specified.

1. Project Designation. The Consultant is retained by the City to perform engineering services in connection with the projects designated "Fiscal Year 2023-24 Professional Engineering Services – Sanitary Sewer Rehabilitation".
2. Scope of Services. Consultant agrees to perform the services, identified on the proposal attached hereto, including the provision of all labor, materials, equipment and supplies.
3. Time for Performance. Work under this contract shall commence upon the giving of written notice by the City to the Consultant to proceed. Consultant shall perform all services and provide all work product required pursuant to this agreement as noted in the proposal.
4. Payment. The Consultant shall be paid by the City for completed work and for services rendered under this agreement as follows:
 - a. Payment for the work provided by Consultant shall be made as provided on the payment schedule attached hereto, provided that the total amount of payment to Consultant shall not exceed \$142,450.00 without express written modification of the agreement signed by the City.
 - b. The consultant may submit vouchers to the City once per month during the progress of the work for partial payment for project completed to date, up to 80% of total project costs. Such vouchers will be checked by the City, and upon approval thereof, payment will be made to the Consultant in the amount approved.
 - c. Final payment of any balance due the Consultant of the total contract price earned will be made promptly upon its ascertainment and verification by the City after the completion of the work under this agreement and its acceptance by the City.
 - d. Payment as provided in this section shall be full compensation for work performed, services rendered and for all materials, supplies, equipment and incidentals necessary to complete the work.

- e. The Consultant's records and accounts pertaining to this agreement are to be kept available for inspection by representatives of the City and state for a period of three (3) years after final payments. Copies shall be made available upon request.
5. Ownership and Use of Documents. All documents, drawings, specifications and other materials produced by the Consultant in connection with the services rendered under this agreement shall be the property of the City whether the project for which they are made is executed or not. The Consultant shall be permitted to retain copies, including reproducible copies, of drawings and specifications for information, reference and use in connection with Consultant's endeavors.
6. Compliance with laws. Consultant shall, in performing the services contemplated by this agreement, faithfully observe and comply with all federal, state, and local laws, ordinances and regulations, applicable to the services to be rendered under this agreement.
7. Indemnification. Consultant agrees, to the fullest extent permitted by law, to indemnify and hold harmless the City up to the amount of this contract fee (for services) from loss or expense, including reasonable attorneys' fees to the extent caused by Consultant's negligent acts, errors or omissions in the performance of professional services under this Agreement. The City agrees, to the fullest extent permitted by law, to indemnify and hold harmless Consultant from any damage, liability or cost, including reasonable attorneys' fees and costs of defense, to the extent caused by the City's negligent acts, errors or omissions and those of the City's contractors, subcontractors or consultants or anyone from whom the City is legally liable, and arising from the project that is subject to this Agreement. In the event of joint or concurrent negligence of Consultant and City, each shall bear that portion of the loss or expense that its share of the joint or concurrent negligence bears to the total negligence (including that of third parties) which caused the personal injury or property damage. Consultant shall not be liable for special, incidental or consequential damages, including, but not limited to loss of profits, revenue, use of capital, claims of customers, cost of purchased or replacement power, or for any other loss of any nature, whether based on contract, tort, negligence, strict liability or otherwise, by reasons of the services rendered under this Agreement.
8. Insurance. The Consultant shall secure and maintain in force throughout the duration of this contract the insurance requirements contained in the attached "City of Wood Dale Administrative Directive 05-07 Contractual Insurance Guidelines".
9. Independent Contractor. The Consultant and the City agree that the Consultant is an independent contractor with respect to the services provided pursuant to this agreement. Nothing in this agreement shall be considered to create the

relationship of employer and employee between the parties hereto. Neither Consultant nor any employee of Consultant shall be entitled to any benefits accorded City employees by virtue of the services provided under this agreement. The City shall not be responsible for withholding or otherwise deducting federal income tax or social security or for contributing to the state industrial insurance program, otherwise assuming the duties of an employer with respect to Consultant, or any employee of Consultant.

10. Covenant Against Contingent Fees. The Consultant warrants that he has not employed or retained any company or person, other than a bonafide employee working solely for the Consultant, to solicit or secure this contract, and that he has not paid or agreed to pay any company or person, other than a bonafide employee working solely for the Consultant, any fee, commission, percentage, brokerage fee, gifts, or any other consideration contingent upon or resulting from the award or making of this contract. For breach or violation of this warranty, the City shall have the right to annul this contract without liability or, in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift, or contingent fee.
11. Discrimination Prohibited. The Consultant, with regard to the work performed by it under this agreement, will not discriminate on the grounds of race, color, national origin, religion, creed, age, sex or the presence of any physical or sensory handicap in the selection and retention of employees or procurement of materials or supplies.
12. Assignment. The Consultant shall not sublet or assign any of the services covered by this agreement without the express written consent of the City.
13. Non-Waiver. Waiver by the City of any provision of this agreement or any time limitation provided for in this agreement shall not constitute a waiver of any other provision.
14. Termination.
 - a. The City reserves the right to terminate this agreement at any time by giving ten (10) days written notice to the Consultant.
 - b. In the event of the death of a member, partner or officer of the Consultant, or any of its supervisory personnel assigned to the project, the surviving members of the Consultant hereby agree to complete the work under the terms of this agreement, if requested to do so by the City. This section shall not be a bar to renegotiations of this agreement between surviving members of the Consultant and the City, if the City so chooses.
15. Notices. Notices to the City of Wood Dale shall be sent to the following address:

City of Wood Dale
404 N. Wood Dale Road
Wood Dale, Illinois 60191

Notices to Consultant shall be sent to the following address:

RJN Group
2655 Warrenville Road Suite 225
Downers Grove, Illinois 60515

16. Integrated Agreement. This Agreement together with attachments or addenda, represents the entire and integrated agreement between the City and the Consultant and supersedes all prior negotiations, representations, or agreements written or oral. This agreement may be amended only by written instrument signed by both City and Consultant.

DATED this 12th day of April, 20 23.
