# MAYOR'S LETTER

Dear Wood Dale Residents,

As the warmer weather comes to Wood Dale, our thoughts often turn to being outside, working in our yards, and—if you're like me—enjoying the many special events in our City.

I am eager to kick off the special events season with the Wood Dale Police Department's Bike with the Cops event on May 24, followed by the first Sounds of Summer concert on May 26, featuring Modern Day Romeos. The Wood Dale Park District's water park, The Beach, opens over Memorial Day weekend. Capping off the holiday, our highly anticipated Memorial Day Parade steps out on Monday, May 29.

The City's special events calendar is filled with free, family-friendly events that enrich life for all of us in the community. The Council is delighted to provide these scheduled events every summer, and to do all we can to improve them every year.

We are extremely excited to announce the dates of the City's four-day Prairie Fest, which takes place July 27 through July 30. Safety continues to be a priority, and you can be sure that our planning for this event covers all aspects of public safety.

City staff members have worked for many months to organize the 2023 Prairie Fest, with live bands like Foghat, plus a carnival, fireworks show, and food favorites. Prairie Fest is the City's premier event, drawing thousands of visitors, and this year we've added even more programs to enhance the experience for kids and families.

With the help of the Wood Dale Bank and Trust A Wintrust Bank, we're collaborating with the Wood Dale Public Library to incentivize their Summer Reading Program in a fun new way. Students who complete 15 hours of reading will receive wristbands giving them unlimited rides at the carnival on Sunday, July 30. (See page 30 for details.)

And that's not all.

This year's Prairie Fest will have an expanded family tent with scheduled entertainment for children.

We're hosting Sip and Paint events on Thursday and Friday nights, with a portion of the proceeds going to the Wood Dale Food Pantry. (Pre-registration is required.)

And... we've added ZOWA Live Wrestling Entertainment to the schedule on Sunday!

We're ready to host the best festival Wood Dale has seen yet!

On another note... in 2019, Wood Dale was named one of Illinois's safest communities. We want to maintain that ranking, and in 2022 we began implementing Automated License Plate Readers (ALPRs) within the City. Eleven of twenty-three ALPR cameras have been installed and are active. The remaining locations are undergoing permitting and site surveys in preparation for installation.

ALPRs are a common municipal system to deter unlawful activities by transient criminals who travel through Wood Dale. The Wood Dale Police Department manages this system, which assists them in investigating crimes and locating offenders. Officers receive live alerts that include a photo and the location and direction of vehicles that have been reported stolen, are in use by missing or wanted persons, or are wanted for investigations related to crimes that have taken place.

Keeping Wood Dale's residents safe is a priority. If you have questions or concerns, please contact the Wood Dale Police Department at 630-766-2060.

Be safe and enjoy all the special events coming up. I look forward to seeing you this summer!

Sincerely,  
Nunzio Pulice  
Mayor of Wood Dale

# VEHICLE STICKER ARTWORK CONTEST!

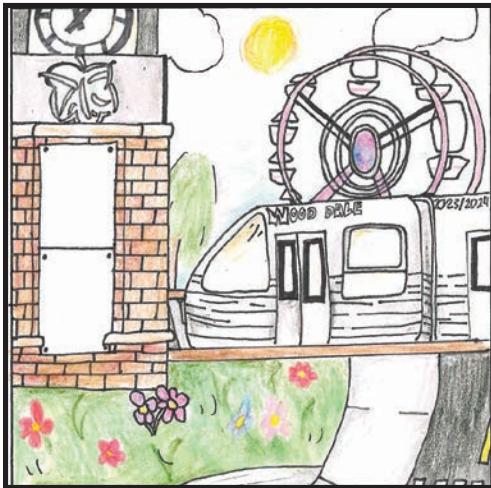

CITY OF WOOD DALE

Each year, we receive many amazing drawings from Wood Dale children for our annual Vehicle Sticker Artwork Contest and this year is no different. There are so many talented children in Wood Dale! This year's art theme was "Your Favorite Weekend in Wood Dale." It was very challenging to select the top three, and you've inspired us to get out and discover our favorite weekend activity in Wood Dale!

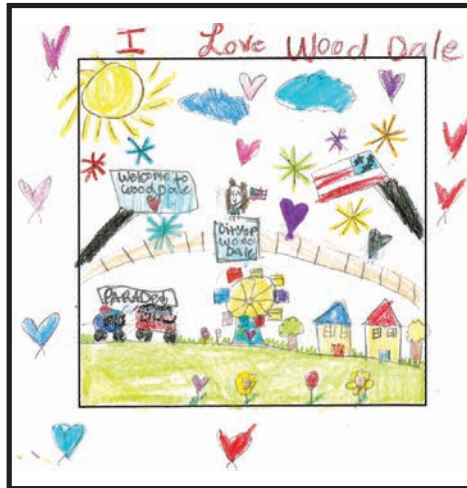

The first-place honor this year goes to Justina, age 11. She has earned a \$100 Target gift card, a vehicle sticker for her parents, and the privilege of seeing her work on the 2023/24 sticker!

The second-place award goes to Chloe, age 9, and the third-place award goes to Matt, age 14 (they will each receive a \$50 Target gift card).

Thank you to all children who participated in the contest. You make Wood Dale a more colorful and fun place to live and work!

## NEIGHBORS GUIDE TO CONSTRUCTION SITE MANAGEMENT

Please use this helpful guide as a resource to the requirements and information in regard to site management regulations adopted by the City of Wood Dale. These regulations are in place to ensure safety of sites under construction, as well as to manage the impact on neighbors within the surrounding area.

### SITE MAINTENANCE MAJOR REQUIREMENTS

Construction sites where a principal building is being demolished, a new building is being constructed or a large addition is being constructed are required to follow the site management regulations in accordance with the City of Wood Dale Municipal Code Article VI Section 12.601 through 12.605. This guide has been developed as a quick reference to these regulations, a copy of the full requirements can be found on the City of Wood Dale website.

- Display permit and address so it can be seen from the public right of way
- Construction work hours are Monday through Saturday: 7am – 7pm. No work permitted on Sundays and Holidays
- Keep streets and sidewalks free of mud and debris and open for use
- Use dumpster to keep constructions site clean
- Security fencing and erosion control measures must be kept in place until final site restoration
- Fencing is to be locked and secured when no workers are on site
- Airborne particles shall be controlled with water during demolition
- Placing debris or rinsing trucks on the public right-of-way or into storm sewer's is prohibited
- Limit all activity to the permitted property
- Provide on-site portable toilets
- No open burning

### HOW TO REPORT A CONCERN OR VIOLATION

- Call Community Development at 630-766-5133.
- Call the Police Department at 630-787-3816.
- Dial 9-1-1 (For site violations which may threaten the property or personal safety of others)

## SATURDAY MAY 6<sup>TH</sup> 9AM-NOON

Join us for this annual river clean-up event that empowers residents to improve local rivers by removing trash from DuPage County waterways. Find out how you can make positive change while working together with members of your community.

### *Benefits are Many*

Since the DuPage County River Sweep was launched in 1991, more than 14,000 volunteers have removed nearly 300 tons of garbage from DuPage County waterways! Volunteers help make our streams and communities more attractive while improving water and shoreline quality for the benefit of wildlife and recreation. Have fun while getting some exercise and meeting other service-minded individuals.

## PUBLIC WORKS ADOPT-A-DRAIN PROGRAM

The City of Wood Dale encourages residents to adopt a stormwater drain to assist with cleaning grates of debris and ensure the drains are in safe working order. Adopters will be tasked with maintaining the drains overall performance. This will include cleaning debris from the top of the grates and reporting any issues to the Public Works Department.

Once approved, you will receive a safety vest, pair of gloves, and brown paper bags to assist in cleaning the drains.

Adopted drains will be either stenciled or have an emblem placed on the cover that states the drain discharges to local waterways.

### Purpose

Flooding can happen when large storms produce more precipitation than the storm drain system can handle and when the storm drain grates are blocked. These drains are a critical part of the City's overall stormwater management system that is placed and restricted in specific ways to work properly with the surrounding area drainage patterns. When covered with debris, drains can become hindered, leading to unintended consequences. The City's Public Works Department strives to maintain all sewer systems to the best of its abilities. With public assistance, the overall system can perform properly and help prevent drainage issues around town.

These stormwater drains directly flow into Salt Creek and other local bodies of water. Leaves, dirt, garbage, grass clippings, cigarette butts, pesticides, fertilizers, and any road surface pollutants go untreated into these bodies of water. Taking steps to manage debris and other possible pollutants from entering these drains is crucial in helping the overall surrounding environment.

### How to Participate in the Adopt-A-Drain Program

Residents may adopt a drain on their property or in an adjacent right-of-way by visiting the City's website at [www.wooddale.com](http://www.wooddale.com) or by contacting the Public Works Department at (630) 350-3530.

## K-9 BANE RETIRES FROM THE FORCE

On the evening of January 5, 2023, K-9 Officer Bane was recognized and retired at the City Council meeting. The City of Wood Dale and the Wood Dale Police Department recognized K-9 Bane and his handler, Sgt. Evan Grant, for their seven years of service to the community.

Bane is a Belgian Malinois who began his law enforcement career with the Wood Dale Police Department in 2015 when he was just 17 months old. Bane will soon turn nine years old and live out the rest of his life in the home of his handler, Sgt. Evan Grant. K-9 Bane was deployed over 560 times throughout DuPage County and the Chicagoland area during his career. K-9 Bane assisted in the location and seizure of over \$973 million worth of narcotics and \$1 million in cash, as well as numerous suspects and collection of evidence. K-9 Bane also participated in countless school presentations and community events throughout his career. Please join us in congratulating K-9 Bane on his retirement.

## OPIOID NEWS

It is difficult to escape the numerous news stories over the last several years regarding the growing heroin and opiate-based medication abuse epidemic. Wood Dale, just like every other community, has not been immune to the effects of this problem, and every family must be aware of these dangers, along with the available resources. Tackling this epidemic requires a balance of education, prevention, enforcement, and support for those suffering from addiction.

One important thing we have learned over the last several years is that many who end up dying of heroin or fentanyl overdoses don't start experimenting directly with heroin. They frequently become addicted to opiate-based pain pills after surgeries or other medical conditions and eventually move on to heroin after they are unable to get more prescription drugs. Often, purchasing these pills through illicit means becomes so cost prohibitive that many resort to buying heroin on the street at a fraction of the cost. Departments also see overdoses where the victim has taken pills bought off the street, described as pain medication, but are laced with fentanyl, a substance that is a thousand times more potent than heroin.

The Wood Dale Police Department is a part of a county-wide initiative to help those suffering from addiction to find treatment. Through our enforcement efforts, we continue to pursue dealers and have equipped our officers with the overdose-reversing drug "Narcan." Each resident can also do their part to support prevention efforts by helping to keep opiate-based medications away from those who are dependent or may consider experimenting by getting rid of old prescription medication that is no longer being used.

The drop box is now located  
INSIDE City Hall near the Police  
Department window.

# WATER SAFETY TIPS

While Wood Dale may not be on the lakeshore, we have many ponds, small lakes, and Salt Creek in town. Open water and flooding can pose serious safety risks to residents of all ages, but even more to children. Open-water drownings made up 43 percent of fatal childhood drownings.

The first thing needed to prevent drowning incidents when in open water is learning how to swim, which has proven to be a lifesaving skill that can reduce the chances of drowning by 88%. Following the open water safety tips below will also ensure you have the most amount of fun by reducing the risks and hazards that come with open water.

*The safest place to swim in Wood Dale is our own Park District Pool, The Beach Water Park, at 151 W Commercial!*

### 1. Swim In A Designated Swimming Area

Follow signs and instructions that designate areas where it is safe to swim.

### 2. When In Doubt, Get Out

Don't hesitate to get out of the water if something doesn't feel right. Whether it's that the current is getting rough, rain has started to fall, or your body is just not responding like you would like it to due to fatigue or muscle cramps, then just leave and return to the water another day. It's always a good thing to trust your instincts.

### 3. Know the Weather & Water Conditions

Check the water temperature and weather conditions before hitting the water. Bear in mind it's not safe to swim in the rain, particularly if there is thunder and lightning. If the weather changes, don't hesitate to swim back to shore.

### 4. Never Swim Alone

When you head out into the open water, go with a "swim buddy," someone who's looking out for you and who you're looking out for in turn. Remember, the lifeguard isn't your "swim buddy"; they have lots of people to track when on duty and cannot be concerned with a particular person's safety. Besides, you'll probably have more fun swimming with a friend.

### 5. No Alcohol

Alcohol affects your perception of danger, making you more likely to take unnecessary risks. Alcohol also impairs your balance and coordination – all essential for swimming and boating and avoiding hazards in the water. So don't drink while in the water.

## Supporting Young Learners

Some people think preschool is just playschool. YES, IT IS! For young children play is the foundation of learning: thinking, imagination, socialization, construction, creativity, curiosity, exploration, and emotional regulation, as well as; reading, writing, and mathematics. Everything done in our preschool/prekindergarten program at ECEC is hands-on, authentic, meaningful, and foundational for a child's future in school and life. A child's attitude about school and life is primarily formed before five years of age.

What can be done to support all children as they enter ECEC and our other district schools? First, you can give your child four gifts: the gift of time, the gift of healthy food, particularly at breakfast, the gift of sleep, and the gift of responsibility. The gift of time includes showing your child an interest in what she is doing in school, supervising homework, or reading with her nightly. The gift of food includes a healthy breakfast each morning and time to eat it. The gift of sleep means that you have designated a time for bed that allows sleep for 9-10 hours in a room that does not have a phone, television, computer, or other devices. The gift of responsibility includes home chores for all ages (preschool included). A child should feel that she is a valued family member by doing her part to help out daily with family chores, whatever these may be.

Learning and living these foundational "gifts" at a young age is vital to responsible behavior in later years, both at home and in school.

## Oakbrook School Connects with the Community

In February, Oakbrook School second graders participated in an interdisciplinary activity that touched the hearts of some special Wood Dale community members. Based on second grade standards in music, art, social emotional learning, reading, and writing, students put all these skills to use for a field trip to the Radcliff Senior Center. Upon arrival, students were greeted by a friendly audience, seated in rows and ready to interact with the students. Students gathered in an impromptu stage area and sang Rainbow Connections. After a long applause, students dispersed and handed out their homemade St. Valentine's Day cards to residents. Inside the cards were individual notes of kindness related to love and being special. After passing out cards, students read books specially selected by them, to share with multiple residents. The residents were so touched that they hugged the students and invited them to return. After the visit, students departed with smiles on their faces, realizing the value of their visit.

Parents and community members also engaged with Oakbrook students on Read Across America Day. On this day, students were encouraged to come to school in pajamas so they could enjoy a comfortable day of reading activities. As part of the day's celebration, parents, special teachers, the principal, and even our School Resource Officer volunteered to read in various classrooms. The students loved having guest readers come into their classrooms to round out an exciting day. Even more, guest readers had just as much fun as the students. Some even dressed the part by wearing clothing, hats, socks, and other materials in the theme of Dr. Seuss's Cat in the Hat character. By the end of the day, an exhausted but happy group of students left the building with smiles on their faces, remembering a great reading day. •

## Westview Families Enjoy Return to School Gatherings

*Students and families from Westview School are enjoying the return to in person gatherings such as this Community Service Event for Families in February at Feed My Starving Children in Schaumburg.*

We're back! Among the many challenges for schools during the pandemic, has been family engagement. The positive impact of family engagement on education has been studied extensively for decades. According to Youth.gov, research shows that parental or family engagement in a child's education can improve their test scores, attendance, social skills, relationships, behavior, and how a child feels about school.

For many years, Westview School has had a Family Engagement Committee that plans annual events aimed at getting families to participate in school-based activities, even if the focus is not on academic skills. During the pandemic, Westview continued to provide these opportunities; however, they were hosted online. Participation varied, and while the events were well received, we all missed being together in the same place at the same time.

The 2022-2023 school year has marked a return to normal circumstances, including our efforts to gather families together. In November, Westview hosted our Annual "Buddy Up with a Wildcat" event, in which parents, grandparents, and other special adults in the lives of students were invited to participate in classroom activities one morning, to gain a sense of the incredible learning environment that children experience each day.

We hosted our Annual Family Bingo Night in late January, resulting in 269 people coming out to enjoy a few games of Bingo with their families, and other families from the Westview School Community! Music, Prizes, and Hot Chocolate contributed to the festive atmosphere, but most importantly, families were able to experience the simple joy of playing games and spending time interacting with one another, rather than their electronic devices!

In February, Westview hosted a Community Service Event for families at the Feed My Starving Children facility in Schaumburg. Over 50 adults and children, including siblings as young as five years old volunteered side by side packing food for children in developing countries, gaining the opportunity to think beyond one's own needs.

In April, we hosted a Family Night program with entertainer Tim Hannig and the ProKids Show. Additionally, we held a Family Reading Night for families to engage with books read aloud, as well as literacy themed activities.

In addition to the Family Engagement Committee at Westview, we enjoy several activities arranged through the Oakbrook and Westview Parent Teacher Organization (PTO). These events include the annual Back to School Picnic in September, Family Restaurant Nights, and the Open House, Book Fair, and Ice Cream Social in May.

We know that family engagement in schools contributes to positive student outcomes, including improved student achievement, decreased disciplinary issues, improved parent-teacher and teacher-student relationships, and improved school environments. We are both proud and eager to continue these activities at Westview! •

### WDJH Future City Team Does It Again!

In sports and competitions there is a term used, "dynasty". This term is used to refer to a team that has had continued success over a long period of time. You may recall the Chicago Bulls in NBA Basketball in the '90s as a team that was called "a dynasty". The students at Wood Dale Junior High have a dynasty as well. The WDJH Future City Team won its third straight Illinois State Championship this year! Their team was made up of 16 seventh and eighth grade students who worked diligently over the course of six months to create their "Future City". The goal of the team was to create a city that could adapt to climate change in the future. The team used wind turbines, solar panels and many other unique and innovative features to create their tabletop model city. Mr. Dan West, Science, Technology, Engineering & Math (STEM) teacher at the junior high, is the club sponsor and led the students in their quest of a third straight title. The squad won many team awards in addition to winning the overall championship. Some of these team awards included: Best Presentation, Best Model, and Most Innovative Structures. After the championship, the team was featured on

*The 2022-2023 Wood Dale Junior High Future City Team*

television in a CBS local news story to share with the public all their accomplishments.

When our team won the State competition they then qualified to represent Illinois in the International Future City competition in Washington D.C. The team joined State champions from around the country, as well as international champions from around the world who came together for this wonderful experience. The team also attended a star-

studded event in Rosemont called The Washington Awards. This awards ceremony and dinner celebrated the accomplishments of teams that won various awards in the area of science, technology and engineering. Congratulations again to the State Champs! •

Below is a partial list of some of the materials and opportunities the Foundation has provided:

- Provided thousands of dollars to fund mini-grants for teachers to purchase supplementary materials and supplies for activities with their students.
- Funding to assist the PTO in bringing cultural arts programs to District 7 students and their families.
- College scholarships to District 7 graduates who attended Fenton High School.
- Funding for professional development to District 7 faculty.
- Funding for Parent Education Programs.
- Purchased whiteboards for all classrooms
- Purchased interactive projectors for junior high classrooms.

The Wood Dale Foundation for Educational Excellence was established in July 2001. The mission of the Foundation states that, "it will be known as an active participant in providing educational opportunities for students and will procure financial aid, resources, and materials to enhance and encourage the educational system". Through the generosity of donors the Foundation has been able to provide numerous educational opportunities to District 7 students and staff.

The Foundation depends solely on donations and volunteers to fulfill their mission. Volunteers serve on the Foundation board, which meets approximately 4 times a year. The board's primary responsibility is to organize fundraisers and determine how the money raised will be distributed to fund activities for students in District 7.

The Wood Dale Foundation for Educational Excellence is currently in need of volunteers to serve on their board. If you are a resident or local business owner who is interested in giving back to the community by joining this important charitable organization please consider serving on the board. Interested parties can email [cmontano@wdsd7.org](mailto:cmontano@wdsd7.org).

**Dear Fenton Families and valued community partners,**

Graduation is on the horizon and I am so ready to celebrate the Fenton Class of 2023! These students were the last grade level to be in Fenton before the COVID pandemic. They are the last group that remembers full normalcy, and they've been amazing mentors to our younger Bison. As a reminder, Fenton's Commencement Ceremony is Sunday, May 21 at noon. All seniors get four tickets, with overflow seating in our auditorium to watch the livestream. If you live or work in our community, please give a friendly shout out to any Bison graduates you know. They've worked hard these difficult last four years.

Moving forward, I just want to remind our community of the construction that will start in June and continue through January 2024. Funding for our community-drive referendum was not approved by voters last year. As part of the referendum we pledged to contribute around \$10 million of cash reserves (savings); we have since decided to use that money for a water mitigation project in an effort to prevent further damage to our building and grounds.

This project will install an underground water storage tank near our stadium to temporarily collect stormwater from the western side of our campus. This includes new, larger underground pipes being added in front of our building, in the back of the building, and around our auditorium to funnel water away from the building.

Significant construction will occur in and around our stadium, which will result in the need to make repairs. Instead of replacing our problematic grass field with another problematic grass field, we plan to install artificial turf that will improve the availability of our stadium in the future. Portions of the track also will be damaged and need replacing.

Fenton is committed to maintaining every single academic and extracurricular program. Nothing will be canceled as a result of our construction.

I want to give a huge Bison Shout Out to Executive Director Joe Vallez and all the Commissioners at the Bensenville Park District. Thanks to our ongoing partnership and commitment to the community, we were able to coordinate the use of two nearby parks for our summer and fall sports practices.

Next school year will still begin on time and the daily bell schedule will remain the same, but outdoor physical education activities will be relocated. Similarly, Fenton will host its home football games at Triton College.

All of us at Fenton are excited to make this investment for the future success of our beloved school. However, the vast majority

of this costly work will go underground and not be seen after construction ends. What will still be seen is the damage caused by water intrusion, the obsolete learning spaces our children are using, and the crumbling infrastructure that naturally occurs over time. These issues will still need to be addressed.

Fenton continues to produce athletic, co-curricular, and extracurricular programs that rival others throughout Illinois. Each time an individual or team qualify for the Illinois High School Association (IHSA) Finals, Fenton throws a State Bound celebration with classmates and families before school the day of or day before traveling to the competition.

Fenton's staff and Board of Education are extremely proud of these dedicated students and coaches.

## CHESS

The Bison Chess Team qualified for the IHSA State Finals for a 16th consecutive year. David Severiano went undefeated (7 wins and 0 losses) while at the State Finals, something no one else at Fenton has ever done!

## SPEECH

Our epic Fenton speech team sent three performers to the IHSA State Finals. Sarah Guerrero Gorostieta earned 3rd in state for Original Oratory. Nathan Rodriguez earned 6th in state for Original Comedy. Tera Pabico finished as a state finalist in Informative Speaking.

## SPECIAL OLYMPICS

Fenton's Special Olympics Basketball Team advanced to state after beating an undefeated Glenbard South. Once at state, they also upset a powerhouse Lyons Township team and eventually placed 2nd in the state!

## WRESTLING

Yamile Penaloza qualified for the IHSA Girls Wrestling State Finals for the second year in a row.

## Mr. Drelicharz Named CTE Instructor of the Year!

Congratulations to Fenton's very own Mark Drelicharz, who in February was recognized as a Career & Technical Education Instructor of the Year by the DuPage Area Occupational Education System (DAOES) as well as College of DuPage.

DAOES is an Illinois Education for Employment (EFE) system responsible for planning for the delivery of Career and Technical Education (CTE) in this geographical area. Fenton operates its CTE classes under the guidance of DAOES, which means they know an awesome teacher when they see one.

Mr. Drelicharz is a leader in our school as an instructional coach, he's a strong teacher in the classroom who inspires our students, and he is outstanding at developing industry partnerships that bring new and innovative learning opportunities to our students. We are very fortunate to have Mr. Drelicharz on staff and couldn't be more proud of him.

Fenton is putting more emphasis on career pathways via career treks, guest speakers, internships, and more. These opportunities allow students to envision themselves in those jobs and then work toward the career while still in high school.

Farewell to Former Director**

The Wood Dale Public Library District is delighted to announce the new Executive Director, **Christopher Renkosiak**, who joined the Library on March 20, 2023. Mr. Renkosiak holds a Master of Library and Information Science degree from the University of Tennessee and an undergraduate degree in Art, Media, and Design from DePaul University.

As the Deputy Director of the Lincolnwood, IL, Public Library, Mr. Renkosiak has years of experience with strategic planning, community engagement, and the development of community relations. He has served as a Trustee and Co-Manager of the Illinois Library Association Marketing Forum and he has been a speaker/presenter at conferences of the Illinois Library Association. His work has received awards from the American Library Association and the Illinois Library Association.

The Board of Library Trustees selected Mr. Renkosiak after a five-month-long search. He has met the library staff and he is eager to assume his new responsibilities with the Wood Dale Public Library District.

**Yvonne Bergendorf** retired from her position as Library Director in October. She served as Library Director for 19 years and was instrumental in developing innovative library services and positioning the library as a cornerstone of the community. Over the past 3 years, she administered a major renovation and addition to the library, insuring its continued leadership role within the Illinois Library Community.

Throughout her career, Yvonne was recognized as an innovative, talented, and respected leader in the library community. She served on the Illinois State Library Advisory Council, and she was a speaker at state and national library conferences. Years before there was a World Wide Web, Yvonne was instrumental in developing user-friendly email and internet service to libraries throughout central Illinois. Above all else, she was committed to the provision of free, equitable access to information. She eliminated fines at the Wood Dale Library years before other libraries followed, and she developed a single point-of-service model that continues to be replicated in other forward-thinking libraries. She had a leadership role in the development of automated service throughout the DuPage Library System, and she worked closely with Wood Dale schools to enhance service to students.

The Staff and Board of Library Trustees thank Director Bergendorf for her leadership, perseverance, innovation, and commitment. We wish her every success in her future endeavors.

# Summer Reading

June 1 – August 31

## KIDS

Get ready, get set, go to the Wood Dale Public Library, and sign up for the *Find Your Voice! Summer Reading Challenge* to earn exciting prizes!

Keep track of your reading for the Youth Summer Reading Challenge by logging minutes online or using a paper log. Each reader will receive a ball & chain necklace or keyring, one brag tag, and one paperback book for their first five hours of reading. Continue to earn one brag tag and one more book for each additional five hours of reading.

In partnership with the City of Wood Dale, the library will offer an exciting opportunity for participants 18 years old and under to earn a free wristband to the Prairie Fest carnival on Sunday, July 30, 1-5 pm. For patrons who have completed 15 hours of reading, certificates for a free Prairie Fest carnival wristband will be available at the Library starting July 3, while supplies last. Certificates are considered currency and can be redeemed at Prairie Fest on Sunday, July 30 only. Thank you to Wood Dale Bank and Trust, a Wintrust Community Bank for sponsoring this program.

**Sunday,  
July 30  
1-5 pm**

## TEENS

Teens can choose to participate in either the adult or the youth reading challenge.

## ADULTS

This summer, we challenge our adult patrons to log at least 20 items by keeping track of books, audiobooks, or magazines read, DVDs watched, programs attended, or Library of Things items borrowed. Receive a sign-up prize after registration, a small gift for logging 10 items, and a gift certificate to a Wood Dale restaurant, made possible through a donation from Itasca Bank & Trust Co., for logging 20 items. Keep reading after 20 items to be eligible for a grand prize drawing ticket for every ten additional items or programs attended. Thank you to Itasca Bank & Trust Co. for sponsoring this program.

Sign up today by visiting our website, visiting the Library, or calling 630-766-6762. You can even download the Beanstack Tracker app from the App Store or Google Play to make it even easier to track your reading on the go.

# YOUTH SERVICES EVENTS

Please register for **all** of these programs on the Library's program calendar at [www.wooddalelibrary.org](http://www.wooddalelibrary.org). When you register, please include an email address.

## Early Learning

Storytimes introduce little ones to new words and skills. Children learn about everyday tasks and basic concepts, like shapes and colors, while learning motor, listening, and socialization skills. Storytimes are not only educational; they're fun, including songs, movement, fingerplays, and other activities. Begin your child's early literacy education today by enjoying free, Librarian-led, storytimes.
