FLAG MARKINGS

WHAT DO THEY MEAN?

Explained!

RED Electric	ORANGE Communications	PURPLE Reclaimed Water, Irrigation	WHITE Proposed Excavation
YELLOW Gas, oil or petroleum	BLUE Potable Water	GREEN Sewer	PINK Temporary Survey

It's common to see markings such as paint, flags, or stakes where construction activities will occur. Under Illinois law, any individual engaging in excavation is required to locate all underground utilities prior to construction.

In our area, this is done using a JULIE (Joint Utility Locating Information for Excavators) affiliate utility locating company. Ever wonder what the various color flag markings identify? Check it out!

For more information, please visit JULIE's website www.illinois1call.com and remember, call before you dig!

MAYOR'S LETTER

Dear Wood Dale Residents,

It feels like summer has finally arrived! This is one of my favorite seasons in Wood Dale because, along with the warmer weather and the longer days, the City hosts a series of special events.

We hope to see you at our free Summer Movie Series, Sounds of Summer Concerts, and Cruise Nights. Additionally, the Wood Dale Police Department hosts its Night Out event and the Cops and Bobbers fishing program in August! One glance at the City calendar and you'll note that it is filled with free family activities that add summer excitement to the community.

Don't forget to mark your calendars for Prairie Fest, **July 27 to July 30!** Come and enjoy live music like the headlining band Foghat, carnival, fireworks, and foodie favorites! New this year, we are offering Sip and Paint activities on **Thursday, July 27** and **Friday, July 28** (pre-registration is required), with a portion of the proceeds going towards the Wood Dale Food Pantry.

The City has also collaborated with the Wood Dale Public Library and Wood Dale Community Bank & Trust to support the Summer Reading Program. Students who register for the Summer Reading Program and complete 15 hours of reading are eligible for an **unlimited carnival bracelet** to use on **Sunday, July 30** (while supplies last). We also host the City's first live wrestling event on **Sunday, July 30 at 2 p.m.** Prairie Fest has expanded their Family Fun tent with more entertainment and activities – *think story time, magicians and a reptile petting zoo!* And don't forget to play BINGO on **Saturday, July 29** and **Sunday, July 30 from 3-6 pm.** Prairie

Have you ever noticed tall grass, weeds or other property concerns that should be reported to the City? If you answered yes, please download the City's *MyWoodDale* mobile app. This smartphone app was developed to allow residents to report specific incidents from anywhere, even outside of City Hall office hours. Citizens may report issues specific to code enforcement and property maintenance through the app, tag the location on the mobile map, upload photos taken with the phone, and submit an incident for review. This also allows City staff to respond in a timely and efficient manner. The app is available for download on both iOS and Android mobile devices.

The City appreciates everyone who does their part to keep Wood Dale a beautiful and welcoming community.

Be safe and enjoy your summer!

Sincerely,
Nunzio Pulice

**MOVE
WITH THE
MAYOR
& COUNCIL**

Positive changes often start with one step forward! Wood Dale is proud to partner with the National Move with the Mayor initiative, part of the National Forum – For Heart Disease and Stroke Prevention, to inspire Wood Dale to be more physically active. We are providing accessible activities. Are you up for the challenge? The program began May 20. Activities start at 9 a.m. and range from simple movement, to walking an average of 1 to 3 miles. These are family-friendly events. All ages and strollers are welcome.

New this year! We are introducing Tai Chi on August 12!

Additionally, for any Wood Dale resident attending two or more *Move with the Mayor & Council* events, the City will support your registration for the School District 7 annual Pura Vida 5k Run/Walk family event. It's a great way to get active, enjoy our community, and wrap up the summer with a fun celebration. Let's move Wood Dale!

PROPERTY MAINTENANCE

Keeping Wood Dale beautiful.

Every community has a set of guidelines in the form of codes and ordinances that regulate how property is to be maintained in order to protect the health, safety, curb appeal, and well-being of residents. By ensuring these standards are met, communities help guarantee quality of life and provide a safe and desirable living and working environment that also enhances property value.

Property Maintenance Inspectors (PMIs) are non-sworn members of the Wood Dale Police Department that handle specific code violations and make being a visible part of the community an integral focus of their duty. PMIs also work to ensure that these community guidelines are being met in order to keep Wood Dale looking its best.

If an issue is reported, PMIs will inspect the location and work with the property owner to ensure that a resolution can be made. These inspectors work as problem solvers and communicators to help educate owners about community standards, making sure that issues are managed in responsible and effective ways.

If you see an issue, please report through the MyWoodDale App. The app is available for download on both iOS and Android mobile devices. If you have any questions, please call 630-787-3816 or e-mail property@wooddale.com.

PARKWAY TREE PLANTING

The Public Works Department plants trees throughout town on City parkways every fall. If you would like a tree planted on the parkway in front of your property, please contact the Public Works Department at (630) 350-3530 or e-mail jszabo@wooddale.com by August 31st. The City's Arborist will visit the site to determine the species best suited for the location.

Summer Tree Care:

MULCHING:

Mulching is important because it cuts down on weeds, controls soil temperature, and helps maintain moisture. The correct method to put down mulch is to create a donut around the tree, keeping it away from the base, and it should be put down at a depth of 3 to 4 inches.

WATERING:

If your tree begins to have leaf or twig drops, it could be due to stress on the tree, not a lack of water. It could be the type of tree for the area, soil compaction, or even overwatering. Most trees do not need extra watering during the summer; the exception would be younger and newly planted trees. Younger or newer trees require deep watering, approximately 30 seconds over the direct root zone, once a week.

PRUNING:

While pruning usually occurs during the fall and early spring, there are exceptions. Pruning can be done anytime if there a dead or damaged branches for health and safety reasons. Also, trees that flower in the spring are best trimmed after they finish blooming.

2023 STREET SWEEPING SCHEDULE

September 13	November 29
October 4	December 13

HYDRANT FLUSHING

The City's Public Works Utilities Division flushes water main lines through the fire hydrants throughout the summer. This process has several benefits for the water distribution system. Some of these benefits include verification of proper hydrant operation, confirming the available flow to the hydrants, allowing for the delivery of the highest quality water to all areas of the City, and removing mineral and sediment buildup from the water main lines. Streets signs will be placed in various areas of the City to notify everyone of the work occurring. For more information or questions about the process, please contact the Public Works Department at 630-350-3530.

BRUSH COLLECTION *Vs* YARD WASTE

WHAT'S THE DIFFERENCE?

Oftentimes there are questions or confusion between the City's Yard Waste Collection Program and the Brush Collection Program. The City manages the Brush Collection while Flood Brothers is contracted to collect Yard Waste. Below are some general guidelines for both programs.

BRUSH COLLECTION:

The City's Curbside Brush Collection program is a service offered to Wood Dale residents to assist them with their landscape maintenance. The program is designed to dispose of large branches and tree limbs that cannot be collected through regular refuse collection. Curbside Brush Collection is available from April to November. In order to maintain program efficiency, the following guidelines are strictly adhered to:

- ▶ Brush or trees trimmed by private contractors will **not** be removed.
- ▶ Branches must be 2 to 8 inches in diameter and can be up to 15 feet in length. Neatly stack all branches at the curb.
- ▶ Branches smaller than 2 inches in diameter must be securely tied into bundles with twine. Branches smaller than 2 feet in length must be disposed of in a waste container or yard waste bag.
- ▶ No leaves will be accepted. Leaves are considered yard waste, which is a separate program.
- ▶ Large roots must be removed from any brush and put into your yard waste container.

BRUSH COLLECTION

The City's Curbside Brush Collection is a service offered to Wood Dale residents to assist them with their landscape maintenance. The program is designed to dispose of large branches and tree limbs that cannot be collected through regular refuse collection. Brush collection begins the Monday of each week and will have 5 days to complete each cycle.

Yard Waste

YARD WASTE COLLECTION:

The yard waste collection service is offered each year from April 1 through November 30 by Flood Brothers. Please note the following guidelines.

- ▶ Each acceptable container must be properly designated with a yard waste decal, which means that it has a yard waste decal securely and visibly affixed. Decals are supplied by the City, and you may pick one up at City Hall. As an exception, paper yard waste bags may be used but do not need decals.
- ▶ Flood Brothers will collect brush and tree trimmings as long as the materials are bundled and secured with biodegradable twine and **no more** than four (4) feet in length and fifty (50) pounds in weight.
- ▶ In addition to bundles, containers also cannot exceed four (4) feet in length.
- ▶ Each branch must be less than two (2) inches in diameter, with the total diameter of the bundle not to exceed eighteen (18) inches.
- ▶ Bags/containers cannot contain unacceptable materials such as refuse or dirt.
- ▶ Bags/containers cannot weigh more than fifty (50) pounds.
- ▶ Flood Brothers has yard waste approved carts available for an additional monthly rental cost. Please contact Flood Brothers to arrange for a cart at (630) 261-0578.

OFFICER & CIVILIAN OF THE YEAR 2022

Please join us in congratulating the Wood Dale Police Department's 2022 Officer of the Year, Genna Werner, and our 2022 Civilian of the Year, Chrissie Sobanski.

Officer Werner has been an officer with the Wood Dale Police Department for five years. She is currently assigned to the day shift and is designated as the School Resource Officer (SRO) for School District 7. As an SRO, Officer Werner has the unique opportunity to build relationships with students, teachers, and parents. Officer Werner is not just a police officer, but a mentor, a role model, and a friend to many students throughout the community.

Chrissie Sobanski has been employed as a civilian with the Wood Dale Police Department for the past 16 years. She began her career with Wood Dale as a Dispatcher before becoming the Police Department's Accreditation Manager & Training Coordinator. Chrissie is also a Tactical Dispatcher for the DuPage County MERIT METRO SWAT Team.

We are delighted to congratulate our 2022 award recipients, who have consistently shown their unwavering determination to make our community a safe place to live, work and play. Their achievements have not gone unnoticed, and their impact will benefit the community for years to come.

CONGRATS TO NEW OFFICERS

Please join us in congratulating Jesse Nelson and Danny Jones, who were both sworn in as Probationary Police Officers on April 26th, 2023, by the Wood Dale Board of Fire & Police Commissioners.

Both Probationary Officers will attend the Suburban Law Enforcement Academy (SLEA) for 16 weeks of training for certification as Police Officers in Illinois. Once the Academy is completed, they will begin their field training program with Wood Dale. Officer Jesse Nelson may look familiar, as he was previously a Community Service Officer with the Wood Dale Police Department. We're proud to see that the Department has inspired him to further his career in law enforcement.

Congratulations are also in order for Officer Bryan Madden, who was sworn in on April 26th, 2023, after passing his 18-month probationary period. We're proud of the Wood Dale Police Family.

RETIREMENT

Please join us in congratulating Officer Chuck Linkowski #132 on his retirement. Officer Linkowski served as a Wood Dale Police Officer for over 25 years. He began his career in law enforcement on March 27, 1998.

During his career, Officer Linkowski held numerous specialty positions, including Field Training Officer, Officer in Charge, Truck Enforcement Officer, Evidence Technician, and Evidence Custodian. Officer Linkowski was recognized as the Wood Dale Police Officer of the Year in 2011.

On May 3, 2023, Officer Linkowski received the Meritorious Service Award. This award was given to him in appreciation of his outstanding achievements as an Evidence Technician contributing to the efficiency and effectiveness of the Department by consistently performing his duties with exceptional skill, diligence, productivity, judgment, and responsibility.

We thank Officer Linkowski for his years of service and dedication to the Wood Dale Police Department and the citizens of Wood Dale, and we wish him well in his retirement. Congratulations!

FIREWORKS SAFETY
TIPS FROM YOUR PROFESSIONAL FIRE FIGHTERS

Fireworks injure
10,500 people
annually

SAFETY TIPS:

- Attend a professional show instead of holding your own
- Always read the instructions
- Set fireworks up in a clear, open space
- Only adults should handle the fireworks
- Wear protective eye glasses and gloves
- Light at arm's length and then stand back
- Never attempt to re-light a "dud" or defective firework
- Never hold a lit firework item in your hand
- Have a bucket of water or sand or a fire extinguisher ready as a preventative measure

DATA SOURCE:
U.S. PRODUCT SAFETY COMMISSION

It's that time of year when Americans everywhere will be celebrating the Fourth of July holiday with family, friends, and fireworks. Unfortunately, over the past 15 years, there has been an increase in the number of people injured during this festive time. Between 2006 and 2021, injuries with fireworks climbed 25% in the U.S., according to CPSC estimates.

- ✦ An estimated 8,500 fireworks-related injuries (or 74 percent of the total estimated fireworks-related injuries in 2021) occurred during the 1-month special study period between June 18 and July 18 last year.
- ✦ Young adults 20 to 24 years of age had the highest estimated rate of emergency department-treated, fireworks-related injuries in 2021.
- ✦ In 2021, there were an estimated 1,500 emergency department-treated injuries associated with firecrackers and 1,100 involving sparklers.
- ✦ In 2021, the parts of the body most often injured by fireworks were hands and fingers (an estimated 31 percent of injuries) along with head, face, and ears (an estimated 21 percent).
- ✦ About 32 percent of the emergency department-treated fireworks-related injuries in 2021 were for burns.

On Tuesday May 23 through Thursday May 25 the Wood Dale Fire District conducted live fire training at 190 Forest View in the City of Wood Dale. This training allowed our members, as well as members from Bensenville, Itasca, and Addison to practice critical firefighting training in a realistic fashion. These types of drills give us valuable training that cannot be duplicated in a training tower or classroom.

Thank you to The City of Wood Dale for offering the structure to us for training, Battalion Chief Christopher Steines for doing hours of permits and paperwork to allow this happen, Lieutenant Joseph Maderak for coordinating the homes preparation, and to everyone who was involved. Our community is safer because of all your hard work.

Preschool Screening

Starting in August and during selected months of the school year, the Early Childhood Education Center will be offering preschool developmental screenings for children ages 3 and 4. Preschool screenings offer a unique opportunity for families to have their child's developmental progress evaluated in the areas of language (speaking, listening), problem solving, fine/gross motor skills, coordination, academic readiness, attention, behavior, and socialization. Our staff will also screen hearing and vision for each child during the appointment or at a later date. Results from the screening are shared with the parents and families may be offered an opportunity to send their child to ECEC for preschool. This is a free service for any Wood Dale family.

There is a great deal of research confirming that children, who attend high quality preschool programs that target individual strengths and weaknesses, do better in life. Our highly qualified preschool teachers and staff are trained to support children in all areas of development through play and positive relationships. Learning how to socialize, take turns, listen to a story, participate in music, take off-hang up and put on a coat, figure out how to build connected towers, cut, draw, hop and learn how to play with others are all basics for future school success. If any deficit areas are noted in the developmental level of a preschooler, this is the best time to address those issues. To make an appointment for screening or to ask questions about the screening process, please call 630-694-1174.

WESTVIEW SCHOOL

Mr. Al Buttimer, Principal

Westview Students Enjoy Ongoing Access to the Wood Dale Public Library

At the start of each new school year, staff at Westview Elementary School use a variety of data sources to learn about their new students. Not only does this help in gauging their learning needs, but it also provides an opportunity to know about a student's hobbies, talents, and interests. We use this information to adjust units and lessons in order to engage students in lessons. One way in which we do this is by making sure students have access to a variety of books and reading materials. While we have thousands of books in our school library, as well as comprehensive classroom libraries, our students and staff enjoy a tremendous ongoing collaborative relationship with the Wood Dale Public Library (WDPL).

All Wood Dale School District 7 students are automatically provided with a library card so that students and their families can take advantage of all that the library has to offer, well beyond the tremendous collection of books, many of which are available in languages other than English! Our students enjoy access to online resources provided by the WDPL, including Tumblebooks, which are picture books read aloud to students. This aids in the development of skills such as decoding and fluency, as students can see and hear the words at the same time, even when there is not someone else available to read to them.

During the winter months, children in 3rd, 4th, and 5th grades enjoy the opportunity to participate in the annual Battle of the Books competition, hosted by the WDPL. Library staff present the program to students at Westview, along with the books on the reading list for that year. Children form their own teams, then decide which students from each group will read the books independently. They occasionally gather at Westview during their recess period, or meet outside of school to then prepare for questions about the books, characters, or authors, during grade level competitions hosted in the evening hours at the library.

Students and staff from Westview School appreciate the valuable collaboration each school year with the Wood Dale Public Library.

Each of our third grade classes also take a field trip to the WDPL in the spring, participating in STEM (Science, Technology, Engineering, and Math) activities, as well as accessing a variety of books in the biography genre in preparation for a major reading and writing research project.

The Wood Dale Public Library continues to support students during the summer months by providing a reading incentive program in which children (and adults!) can earn prizes by logging the minutes they read during the summer. Library staff also support the Wood Dale School District 7 Summer School program by facilitating a book checkout opportunity each week.

As we prepare for the 2023-2024 school year, the Oakbrook & Westview Parent Teacher Organization (PTO) is considering ways to partner with the WDPL by co-sponsoring events for families, some of which may be hosted at the public library, which recently completed a renovation and expansion project. We appreciate the close working relationship that has developed over the years, and look forward to continuing to support the families and residents of Wood Dale by making them more aware of the resources available to them in the community. ●

OAKBROOK SCHOOL

Dr. Theresa Ulrich, Principal

**Oakbrook Magic & Science Experts**

Educational entertainer, Tim Hanning, visited Wood Dale School District once again, performing at both Oakbrook and Westview Elementary Schools. The students had fun and were in awe of Mr. Hanning's excellent magician skills. As well as entertainment, Mr. Hanning reinforced positive messages which were integrated into his act. He addressed such skills as positive thinking and showing respect. The magic tricks were a great way to keep students engaged while learning important lessons about making good choices. Mr. Hanning also offered an evening performance in which all Oakbrook and Westview Elementary students and their parents were invited. The evening event took place at the Wood Dale Junior High School Center for the Performing Arts. The event was well attended, and nearly every seat in the auditorium was filled. Families had a lot of fun.

Also this spring, the second graders participated in an interdisciplinary science event Earth in Action. This event was the culminating activity from a second grade science unit that focused on natural Earth phenomena, such as tornadoes, hurricanes, volcano eruptions, earthquakes, and more. In preparation for the event, students researched facts about the phenomenon of their

choice. The facts were represented in writing on displayed posters. Additionally, students created visuals such as videos and dioramas representing their topic. The newly initiated scientific experts then presented their topics to other students wanting to learn facts about the topic. As well, students' parents, our Superintendent and Director of Curriculum attended the event. In all, the event attracted nearly 70 guests eager to learn about the students' research and hear their expert presentations.

The event offered an opportunity for students to research and publish their findings through authentic learning and presentation experiences. •

**Summer Happenings at the Junior High!**

Summer was once a time when students would be out of school waiting for a new school year to start. Sure, it was nice to wake up late, but many students missed the activity and learning that occurs during the school year. The junior high is working to solve that problem. This year, junior high students are participating in an exciting summer sports program! The

program lasts three weeks, and is headed up by the junior high Physical Education teachers, Mr. Vince Esposito and Ms. Holly Ward. Students who participate in the program will be learning skills related to soccer, volleyball, and basketball. Mr. Esposito and Mrs. Ward both played these sports in high school and college, so the students will be receiving expert training experience. Also, staying physically active during the summer is important for our students to maintain a healthy lifestyle. Students who are participating have the option of being dropped off at the school by a parent, or taking a District #7 bus. This ensures every student has access to this fantastic program.

In other summer news, the Junior High Parent Teacher Organization is excited to introduce a new incoming president. Mrs. Christine Lucero Bahr will be replacing Mrs. Marie LaCaria, who served as PTO president for the last 6 years. Mrs. LaCaria has done a wonderful job and leaves the PTO in a very good position for the future. The PTO is an important organization that is involved in fundraising to support school trips such as the 7th grade Springfield trip. The organization also plans exciting student events such as the 8th Grade Graduation Dance. The junior high students and staff are looking forward to a great upcoming year of PTO events, including some new fundraisers that are sure to be popular with students and parents alike. •

District 7 Summer Intervention Programs and Math Curriculum

District 7 recognizes the impact the pandemic had on our students will need to be addressed for years to come. Below is some information regarding programming and curriculum development our administrators and teachers have been working on to assist our students in closing the gap on their unfinished learning.

From the Curriculum Director
Dr. Merri Beth Kudrna

This summer Wood Dale School District will host two programs to address the needs of students not meeting academic standards. Both programs will be an extension of the intervention services these students received during the school year, essentially providing them with year-round school. The first program is Intervention Summer School. In this program eligible students will be provided with a half-day of instruction in reading and/or math. In order to create an environment where our teachers can have the greatest academic impact on students, class sizes will be small with a ratio of no more than 7 students to 1 teacher. The second program is Intervention Tutoring. Students participating in this program will receive intensive tutoring in reading and/or math. Group sizes for this program will be no more than 3 students to 1 teacher. Both these programs are free to qualifying students including bussing, breakfast or a snack.

Post-pandemic test scores indicate, students across our nation have experienced a greater decline in math achievement than in language arts. This is true for District 7 as well and as a result we convened a math committee in the spring of 2022. Since that time, teachers have studied research about the best ways to instruct students in math. Our Instructional Coaches have also been providing teachers with professional development focusing on improving math instruction.

Math pedagogy is different than it was in years past. For students to be successful once they leave 12th grade, they must be provided with robust instruction with evidence of discourse routines, problem-solving, and mathematical reasoning. Kindergarten through 5th grade students will be using a new resource next year named iReady Math. This resource will provide many of the important skills listed above. The junior high began using a new math resource before the pandemic and it fits nicely with the new elementary program. Both resources align with state standards and the District's math curriculum.

Dear Fenton Families & valued community partners,

We are excited to announce that Fenton is in the planning stages of a two-story STEM wing construction project that will attach to the back of our auditorium and face toward Route 83.

STEM stands for Science, Technology, Engineering, and Mathematics. This new addition will feature a variety of modern classrooms and learning spaces in these subject areas.

After months of conceptual discussions with consultants, our Fenton Board of Education voted unanimously to approve the use of no more than \$32 million in construction bonds (loans) to pay for this project. The board decided during their May 24th meeting to utilize available non-referendum bonds, which will not raise your taxes.

We anticipate breaking ground in the summer of 2024, with an anticipated construction timeline of at least 15 months.

Between now and next summer we will devote copious amounts of time making those conceptual plans a reality. We look forward to working with our staff and community on the finer details of this project and further narrowing down the exciting possibilities.

We have always known our learning spaces in this 1950s building are old, inadequate, and burdensome. Our 2019 facility audit formalized what we see every day. Many areas of the school that we hoped to modernize as part of our referendum will not be addressed, however, this STEM wing is one project from the referendum that we are able to accomplish independently.

I applaud our school board members for their patience and their passion for the future of our community.

Please review the renderings below and join us in being excited for this new chapter of Fenton High School.

Fenton's Stage Crew is the Best in the Business

Contest Drama Wins Illinois Excellence in Technical Performance

Congratulations to Fenton's stage crew on the Contest Drama production "Sylvia" for winning a State Championship for Excellence in Technical Performance during the IHSA State Finals on March 25. The crew builds and manages the sets and props used in the performance, as well as manages the audio, visual, and lighting. Their actions are timed and measured just as rigorously as the performers on stage.

"I'm very proud of our whole team. While we had a few students here for the second year in a row, many were new to this activity and they all handled the pressure of the competition with grace." said

Dr. Mike Mitchell, who directed the production with assistance from alumni Jeremiah Barr and Amanda Baker.

"Sylvia" is a Broadway comedy about a man who adopts a dog during his mid-life crisis and all of the dog's antics that cause friction between him and his wife.

"It was such a great honor to work with a cast like this, which inspired me to keep going and do this for a career," said Stage Manager Jessica Van Leeuwen. She plans to study film and television production in college next year.

The Fenton crew includes

- ★ Alex Cabello
- ★ Ariana Hurtado
- ★ Brandon Pauls
- ★ Delilah Johnson
- ★ Jessica Van Leeuwen (stage manager)
- ★ Kailianna Smith
- ★ Lex Mikulski
- ★ Lita Aguilar
- ★ Natalia Alvarado
- ★ Natalie Sisto
- ★ Nathan Rodriguez
- ★ Neena Nair
- ★ Pirote Thach
- ★ Sara Schaefer

"Performing at state was such an amazing privilege, but it was also a privilege to work with our directors, who devoted so much time and effort to this club and its success," said Ariana Hurtado, who operated stage lighting.

Fenton is no stranger to the limelight, having previously won the Excellence in Technical Performance State Championship in 2015 for

the Contest Drama production of "The Pearl" by John Steinbeck.

In addition to the technical award, Fenton senior Delilah Johnson earned All-State Cast Honors for her performance as Sylvia the dog. Delilah repeats her status after being awarded All-State Cast Honors for her 2022 performance in "A Piece of My Heart," which was a play based on the true events of military nurses in the Vietnam War.

Congratulations to all!

Group Interpretation

The cast and musicians of Fenton's Group Interpretation performed "Memoirs of an Imaginary Friend" and advanced to the IHSA State Finals where Tera Pabico, Josslyn Wade, Sarah Guerrero Gorostieta, and Angel Santiago earned All-State Cast Honors.

FCCLA

Congratulations to Sofia Diaz, Izabel Krajecki, and Esther Zachariah for advancing to the Children's Literature state finals competition for FCCLA (Family, Community, Career Leaders of America). Izabel and Sofia eventually received a gold medal ranking along with being awarded the "most outstanding" designation for their category. Esther also received a bronze medal ranking.

SEE WHAT YOUR

WOOD DALE LIBRARY

CARD CAN DO!

You have access to online library resources at home! Embark on a search for your family's history, read an e-book, or stream videos with the kids. These resources are available 24/7 on the library website with your Wood Dale Public Library card. Now, if you don't already have a library card, get an online card for digital access. Go to www.wooddalelibrary.org and follow the link to Get a Library Card Online. You must be 13 or older to register online.

Cultural Passes

This summer, explore cultural and historical attractions throughout Chicagoland with your library card! You can

receive free admission or a special discount at participating Chicago area cultural destinations, including the Brookfield Zoo, Chicago Botanic Garden, and many more!

- Passes are available on a first-come, first-served basis to Wood Dale Public Library cardholders.
- Borrow one pass per cardholder, per museum/location, per loan period.

Summer Reading Continues

June 1 – August 31

KIDS

Get ready, get set, go to the Wood Dale Public Library, and sign up for the *Find Your Voice! Summer Reading Challenge* to earn exciting prizes!

Keep track of your reading for the Youth Summer Reading Challenge by logging minutes online or using a paper log. Each reader will receive a ball & chain necklace or keyring, one brag tag, a prize from the treasure chest, and one paperback book for their first five hours of reading. Continue to earn a brag tag, a prize, and a book for each additional five hours of reading.

In partnership with the City of Wood Dale, the library will offer an exciting opportunity for participants 18 years old and under to earn a free wristband to the Prairie Fest carnival on Sunday, July 30, 1-5 pm. For patrons who have completed 15 hours of reading, certificates for a free Prairie Fest carnival wristband will be available at the Library starting July 3, while supplies last. Certificates are considered currency and can be redeemed at Prairie Fest on Sunday, July 30 only. Thank you to Wood Dale Bank and Trust, a Wintrust Community Bank for sponsoring this program.

**Sunday,
July 30
1-5 pm**

TEENS

Teens can choose to participate in either the adult or the youth reading challenge.

ADULTS

This summer, we challenge our adult patrons to log at least 20 items by keeping track of books, audiobooks, or magazines read, DVDs watched, programs attended, or Library of Things items borrowed. Receive a sign-up prize after registration, a small gift for logging 10 items, and a gift certificate to a Wood Dale restaurant, made possible through a donation from Itasca Bank & Trust Co., for logging 20 items. Keep reading after 20 items to be eligible for a grand prize drawing ticket for every ten additional items or programs attended. Thank you to Itasca Bank & Trust Co. for sponsoring this program.

Sign up today by visiting our website, visiting the Library, or calling 630-766-6762. You can even download the Beanstack Tracker app from the App Store or Google Play to make it even easier to track your reading on the go.

YOUTH SERVICES EVENTS

Please register for all of these programs on the Library's program calendar at www.wooddalelibrary.org. When you register, please include an email address.

Early Learning

Storytimes introduce little ones to new words and skills. Children learn about everyday tasks and basic concepts, like shapes and colors, while learning motor, listening, and socialization skills. Storytimes are not only educational; they're fun, including songs, movement, fingerplays, and other activities. Begin your child's early literacy education today by enjoying free, Librarian-led, storytimes.

BOOK BUNDLES

Are you looking for a new author or series? Request a kids' or teen Book Bundle. Fill out the form on our web page under Kids' Zone. Let us know the child's age, reading level, and genre the child would like to read and how many items you would like. We will put together a bundle of books, along with a few surprises, and leave them to be picked up at the Public Services Desk.

READ 500 BOOKS before Junior High

Sign up today!

500 Books Before Junior High is for children in kindergarten to 5th grade. It continues to encourage children to be read to as well as to read independently. We want children to choose books that will engage them, inform them, and be fun to read so that **reading** becomes an enjoyable daily activity. You can repeat books! Read fiction, graphic novels, and non-fiction – READ BOOKS YOU ENJOY! Sharing books and encouraging

reading time will help them develop a love of reading and learning that will last a lifetime.

Pick up a paper bookmark log or use our Beanstack app to record every 50 books read. You can choose a paperback book to keep for every 50 books your read. Remember, children have six years to complete this program.
