REPORT:

Green Fair Recap

DISCUSSION:

Members advised there was a good turnout by the residents with this year's Green Fair. Committee would like to add another shred and electronic recycling date. A checklist of items to be recycled during Green Fair will be placed in the water bill. Also, no shredders to be given away and to add more bags will be given away (with a larger logo).

Future Committee goals were discussed. These will include a partnership with SCARCE and District 7 schools. We will also contact Flood Brothers and procure videos to share with schools on recycling.

Add additional recycling receptacles around the City.

Inquire with American Power Group about adding plug-in stations to the municipal lot and train station.
