## PERMITS

### RESOLUTION FOR CONSTRUCTION ON STATE HIGHWAY

January 21, 2021

The Honorable Annunziato (Nunzio) Pulice  
Mayor  
City of Wood Dale  
404 North Wood Dale Road  
Wood Dale, IL 60191

Dear Mayor Pulice:

Chapter 121 of the Illinois revised statutes requires that any person, firm or corporation desiring to do work on state maintained rights of way must first obtain a written permit from the Illinois department of transportation. This includes any emergency work on broken watermains or sewers.

A surety bond is required with each permit application to insure that all work is completed in accordance with state specifications and that the right of way is properly restored.

For permit work to be performed by employees of a municipality a resolution is acceptable in lieu of the surety bond. This resolution does not relieve contractors hired by the municipality from conforming with the normal bonding requirements nor from obtaining permits.

The resolution should be enacted for a period of two years. This procedure will save time and effort as well as reduce the annual paperwork associated with an annual resolution.

In order to expedite the issuance of permits to your municipality during the next two calendar years the attached sample resolution should be adopted and a signed and certified copy thereof returned to this office. This resolution does not constitute a blanket permit for work in the State system. A separate application must be made in each instance. In the case of an emergency, verbal authority may be given prior to receipt of the written application. After normal working hours or weekends, this authority can be obtained from our Communications Center at (847)705-4612.

RE: RESOLUTION FOR CONSTRUCTION ON STATE HIGHWAY

We would appreciate the cooperation of your community in withholding the issuance of building permits along State highways until the builder shows evidence of a State highway permit having been obtained. Our permit staff would be willing to answer any questions you may have regarding current policies or practices and to work with your planning commission on any new developments within your municipality.

Do not hesitate to contact Ms. Beverly Hawley, Office Coordinator, at (847) 705-4142 if you have any question or need further assistance.

Very truly yours,

Jose Rios, P.E.  
Engineer of Operations
